

ITyuktha

TOPICS:

- Artificial Intelligence and Neural Networks
- Augmented reality
- Open source technology
- Big data
- Firewall techniques
- 5 pen technology
- Cyborgs
- Biometrics
- Li-Fi
- 3D password
- Virtual Reality
- Stream Computing
- VoIP
- Green Computing
- Ambient Intelligence
- Wibree
- Brain gate
- Pervasive Computing
- Databases and Mining(Data/Text/Web)
- Cloud Computing
- Network security and Cryptography
- Mobile and Wireless Computing
- Digital Image Processing
- Grid Computing
- Advanced Algorithm Analysis
- Language Processors
- Internet and World Wide Web
- Embedded Systems and Robotics

Topics related to recent trends in other technical fields are also welcomed.
